FOR THE CURE OF Hepatitis, or Liver Complaint, DVSFRESIA AND STOR BEADACHE.

Symptoms of a Diseased Liver. DAIN in the right side, under the Pedge of the ribsi increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appel tite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable left, undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are co d or purning, and he complains of a prick y sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet, he can scarcely summon up fortitude enough to try it. In fact, he distrusts

AGUE AND FEVER. DR. C. McLane's Liver Pills, in cases of Ague and Fever, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

REWARE OF INITATIONS. The genuine are never sugar coated. Every hox has a red wax seal on the lid, th the impression Dr. McLane's Liver.
